

TOMOVE

Born **ToMove** people in a different way

ToMove s.r.l. – Innovative Startup
P.I. 12595720017

How do you
imagine mobility
will look in 10 years?

TOMOVE develops **the first autonomous mobility services platform**

TOMOVE

THE PLATFORM

We divide our platform into **3 levels**

What's included?

HARDWARE (AUTONOMOUS VEHICLES AND SENSORS)

ON-BOARD SOFTWARE (AUTONOMOUS DRIVING SW)

OFF-BOARD SOFTWARE (SERVICE PLATFORM AND FLEET MANAGEMENT SYSTEM)

INTRODUCING TOC

**The first fully
autonomous vehicle
Entirely Made in Italy**

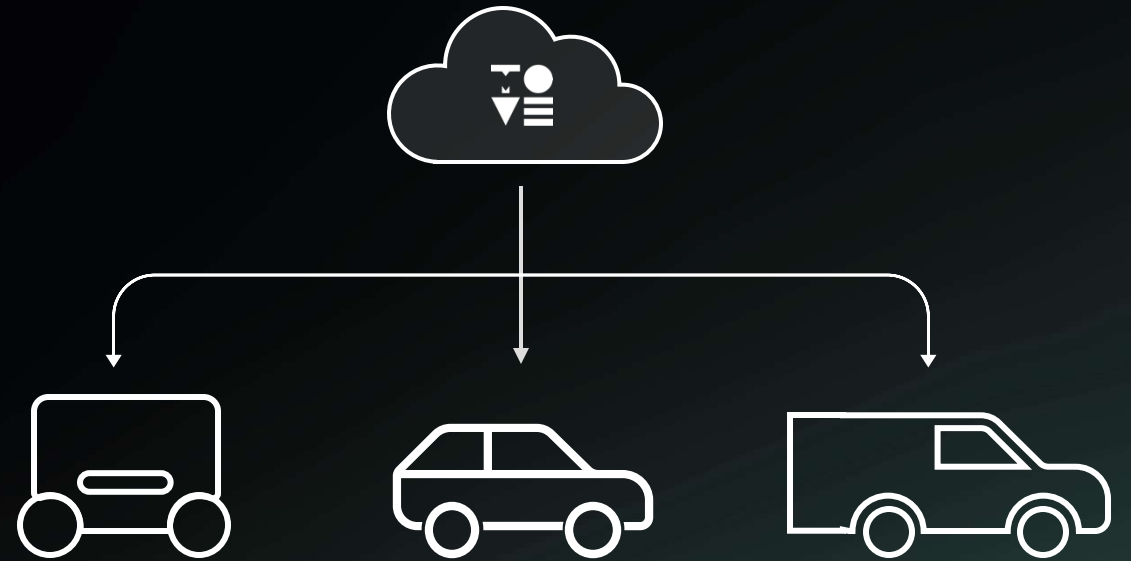

The Best enabler to unlock the full
potential of our service ecosystem

Designed by **TOMOVE**

Manufactured by **HBA**

**ToMove SW is
designed to
scale and
adapt to **any
compatible
vehicle****

Fleet Management System

THE BRAIN BEHIND THE PLATFORM

The Fleet Management System (FMS) is the **control center** of the platform. It **optimizes operations** and resources managing the fleet in real time

Key features:

Vehicle assignment and mission management

Continuous monitoring of location, status, and performance

Route optimization based on operational context

Automated vehicle charging management

TOMOVE

GO TO MARKET STRATEGY

Autonomous driving is **scaling globally**

US and China already run commercial driverless services — underscoring it as the future of mobility

Europe moves slower due to cautious, multi-layer approvals, regulations still geared to driver-assist and stricter privacy/AI rules

TOMOVE

GO TO MARKET STRATEGY

Our strategy is to scale first in **Semi-Closed Environments**

- ACCELERARE GO-TO-MARKET
- REAL-WORLD DATA
- ROBUST SOPS & SAFETY CASES
- BECOMING A REFERENCE POINT FOR AUTONOMOUS MOBILITY SOLUTIONS

Semi-Closed Environments

STRATEGIC USE CASES

AIRPORTS

MILITARY BASES

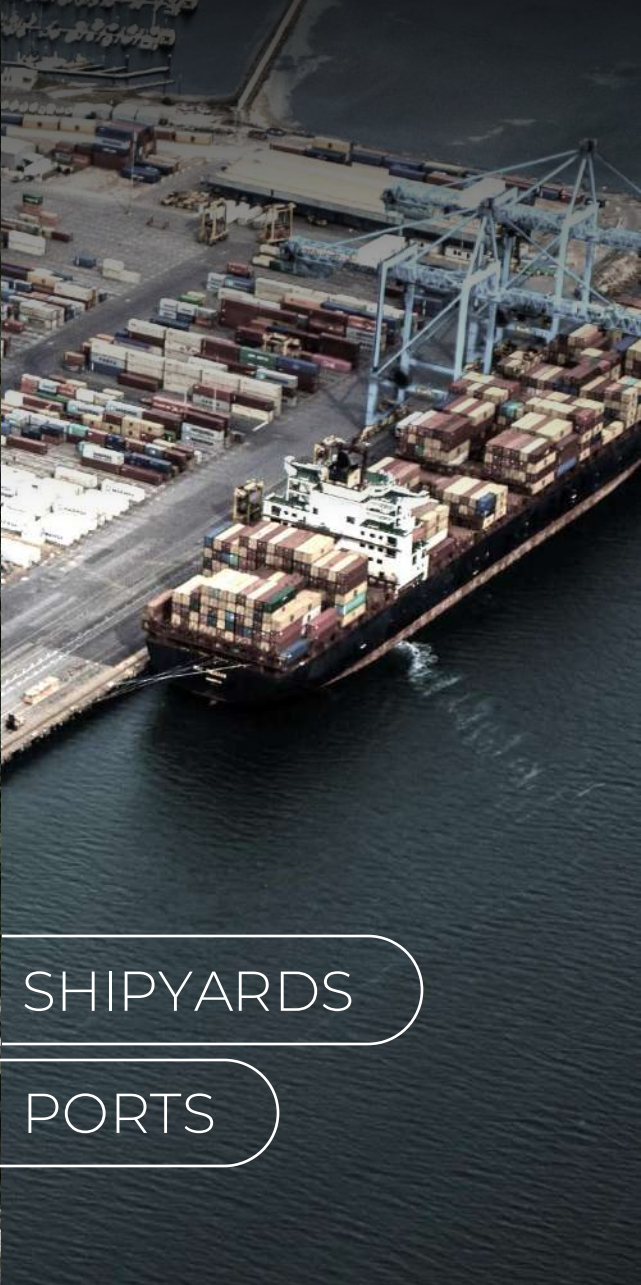

CAMPUSES

MEDICAL CENTRE

RESORT

GOLF CLUB

SHIPYARDS

PORTS

SECURITY

AND MORE...

TOMOVE

REVENUE MODEL

B2B Autonomous Platform-as-a-Service

Time-bound subscriptions (12–36 months) **€/vehicle/month**

All-inclusive Monthly Fee:

- VEHICLE
- FLEET MANAGER
- MAINTENANCE
- INSURANCE
- REMOTE SUPPORT

Traction REVENUE

ONDEMAND MOBILITY

Pilot project currently running in Aliano, Basilicata

Paid pilot project ongoing

ONDEMAND MOBILITY & LOGISTICS

Internal logistics and passenger transport in a controlled operational area.

Showcase on November 26th 2025.

TENERO NATIONAL CENTRE
(TENERO, CH)

ONDEMAND MOBILITY

Pilot with 2 vehicles for moving internal staff on controlled routes.

**Start in March,
Paid pilot**

ONU CAMPUS
(TURIN, ITA)

ONDEMAND MOBILITY

Internal mobility for staff/guests and persons with reduced mobility on a controlled route.

**Start in 2026
Paid pilot**

Cagliari Airport
CAGLIARI ELMAS AIRPORT
(CAGLIARI, ITA)

ONDEMAND MOBILITY & LOGISTICS

Pilot focused on moving parcels, staff, and customers on controlled internal routes.

**Start in 2026
Paid pilot**

Our first PAYING pilots prove the potential of our technology and Market

Traction

FUNDING RECEIVED

Next Step
Italian-UK VC fund
(SAFE agreement)

Venture capital fund with an open SAFE agreement for a future equity investment.

Eni Joule
Basilicata Open Lab
(equity-free grant)

Eni's entrepreneurship program that awarded ToMove an equity-free grant.

HD Motion
(equity-free grant)

Innovation program that co-funded part of ToMove's technology development through an equity-free grant.

MOST
Mobility Challenge
(equity-free grant)

Mobility competition won by ToMove, providing an equity-free grant to support development.
